

How to Order

If your vehicle already has an Education License Plate

1. The cost of your plate is included in the total on the registration renewal form.
2. Pay the total amount due to reorder your special plate.

If your vehicle does not have an Education License Plate, but you want one

1. You may visit a local BMV to order the "Committed to Education" plate.
2. You may also order the plate online.
3. The cost is \$40 for each "Committed to Education" plate you order in addition to your normal registration and excise fees.

When you order the "Committed to Education" plate, please tell the BMV you would like the

Lake Central Education Foundation
to receive your contribution.

**Hoot & Holler
for the new
Education License Plate
& Support
the Lake Central
Education Foundation!**

Open the Doors of Opportunity

For Indiana youngsters knocking on tomorrow's doors of opportunity, education will be the key.

With the education license plate, you can spread the word about the importance of learning and show your support for our public schools.

Spread the Word About Education

Every mile you drive, you'll send the message that you are "Committed to Education." And you'll remind others, too, about its value.

Support Your Local Public Schools

By selecting the Indiana education license plate, you are making a contribution that goes directly to the public education foundation of your choice.

Each school community decides how best your contribution can be used to open new doors of opportunity for students.

Depending on local needs, these might be hands-on learning experiences, job preparedness, or new materials and special programs in science, technology, or the arts.

Get the Education License Plate

Just \$40 puts your commitment on your license plate. \$15 covers plate administrative costs. \$6.25 funds the Elementary School Counselor Grant Fund, and \$18.75 goes directly to the school corporation or public education foundation of your choice.

When you renew your vehicle registration, ask for the license plate with owls. You'll open doors of opportunity for Indiana students and spread the word about the value of education.
